

The Interactive Amazing Bible World History Timeline

<http://BibleTimeline.net>

Toll free number USA and Canada
877-966-7300

You may print up to twenty copies of a zoomed in section for personal or classroom use.
You may not sell or market these materials.

Zooming using Adobe Reader

Use this item on the tool bar. Choose a number greater than a 100 to zoom in close or less than a 100 to zoom out for a big picture (hint: 300% is best for reading the smallest print areas)

Turning Layers On and Off

The layers are:

Books of the Bible

Semitic

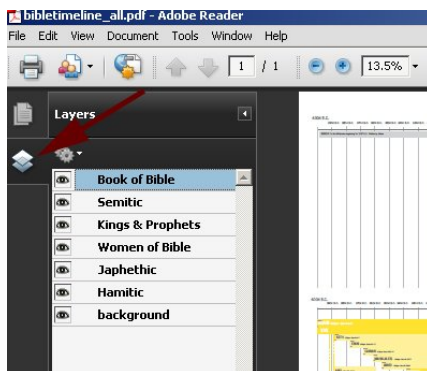

Kings & Prophets

Women of the Bible

Japhethic

Hamitic

Background (grid of time frames)

If you can't see the layers, you'll need to turn them on by clicking on the Layers icon

Printing using Adobe Reader

If you are using version 6, 7, or 8 of the Acrobat Reader - select Snapshot Tool in

the tool bar of the Adobe Reader window. Now you can select a specific area of the Interactive Amazing Bible Timeline using this tool (you should see borders around the selected area

You can now print your snapshot area or copy your Snapshot area to a Word Document for handouts, to Power point for a slide show or to Microsoft Movie Maker for a movie. Please be sure to credit/copyright <http://BibleTimeline.NET>

Tip: In Print window, Page Handling section, for Page Scaling select Fit to Print Margins from list box. Click OK to print.

Version 8: If don't see the Snapshot Tool in your toolbar: Right-click/Control-click any toolbar and choose More Tools. Scroll down to Select & Zoom Toolbar section and click checkbox next to Snapshot Tool. Click OK. Snapshot Tool will be added to your toolbar.
